Fishermen "Gypped" by New Skin Game

Differences Between Public and Eel River Concessionaires Believed Settled Now

Differences between the public and parties who have leased parking rights on Eel river above the lower dam were troned out last Wednesday night at a session held at the chamber of commerce rooms in this city and it is thought that the troubles complained of have been obviated.

The situation, as we understand it, is as follows:

Sometime ago B. A. Farnsworth, Harry Ridgeway and State Senator Ray Ingels leased the parking privileges, announcing to the public that the fishing would be free but that a normal sum would be charged for camping and parking.

Sunday Supervisor Ford was called on the telephone and permission was asked to put a gate across the road to prevent the public from overrunning the lands which had been leased. There are two roads, one of them private, but both used by the public and Supervisor Ford replied that he had no objections, thinking that it was the private road the parties wished to close. However, they placed the gate across the public road and locked it, forcing all traffic through the private road. A man was stationed on this road and all motorists were stopped and told that they would have to pay a fee for parking before proceeding, as there was no place to park above the gate except on private property. It is stated that in the neighborhood of $400 was colletced from victims of the misrepresentation up to the time Ford was notified by returning fishermen of the condition of affairs. Monday morning he went to the scene of the trouble and ordered the gate opened and traffic has been unrestricted since, except for the fact that people were still being stopped and told that they would have to pay a parking fee before proceeding.

Ford thereupon issued a statement that there was plenty of room to park on the county road, as the right of way extends from 20 to 30 feet on each side of the center of the road, making a roadway from 40 to 60 feet wide.

It is reported, however, that cars parked on the county road Sunday were visited and a parking fee of 50c each collected from those ignorant of their rights.

The high handed methods used in this "gyp" game aroused intense indignation and the reports taken back by visitors from far places will do the community no end of harm through loss of travel, as Eel river fishing brings thousands of motorists here every season.

It is stated that Farnsworth et al will confine their efforts henceforth to developing their camp grounds along the river. This can do no harm, but, on the contrary, will be a boon, as camping and fire building hitherto has been prohibited in the territory.

This bank, during its 29 years of service has seen 4 major depressions come and go. (These were the depressions of 1903, 1907, 1914, and 1921.) It has seen each of them give way to business recovery and prosperity. And throughout this third of a century it has watched the trend of Ukiah's agriculture and industry move steadily upward.

Culture of Peas Is Big Coast Industry

Weather and Moisture Condition Ideal for Crop This Year. Build Packing House.

FORT BRAGG, May 4.—The San Diego Fruit and Produce Company, which is handling 400 acres of peas on the coast, began the construction Monday morning of a new packing house located just north of the Associated Oil Company's plant. The building will be 100x60 feet in size and is to be of frame construction and covered with corrugated iron. An ice storage house will be built also, and when the buildings are completed they will provide ample room for the proper handling of the pea crop this year, which should approximate a total of 200 carloads.

Last season the company planted 220 acres, and due to unusual weather conditions much of this land did not yield nearly the amount of peas that it ordinarily should produce. However, 28 carloads were sent from here to the eastern markets. This year the planting is much heavier; 115 acres on the south coast and 279 acres north of Fort Bragg, give a total of 394 acres of peas that are rapidly maturing under ideal weather and rainfall conditions. The yield is expected to be normal in every respect.

John Todd has 29 acres planted; Filosi 175, Fee 15, Haas 20, Gray and Bishop 40 and on the south coast the 115 acres are divided among several ranches.

According to a statement made by W. C. Shrode, local manager for the San Diego Fruit and Produce Co., the new packing and receiving plant is located on property of the Union Lumber Company, and this concern has again demonstrated its loyal interest in the community by arranging a most satisfactory lease for the property with spur track facilities, which encourages such enterprises to come here and locate.

At the present time 75 employees, hired locally are at work in the pea fields; this number will be materially increased as soon as picking commences.

Ft. Bragg Merchant Dies Very Suddenly

FORT BRAGG, May 4.—Harry Shafsky, pioneer merchant and a leading business man of this city, dropped dead in his place of business on Main street Tuesday shortly after 2:00 o'clock. Mr. Shafsky had presided at the businessmen's luncheon at the Community club that day and had been at his store only about 15 minutes when he was overcome by a heart attack.

Mr. Shafsky was a native of Berlin, Germany, where he was born October 15, 1866, and he was 65 years of age.

He had been a citizen of Fort Bragg over 40 years.

Mr. Shafsky is survived by his wife, three sons, Mero, Sam and Owen; two daughters, Helen and Joan; one sister, Mrs. Rose Baros, of Honolulu; and three brothers, Samuel of this city, and Albert and Louis of Berkeley.

Young Vassar is serving as an apprentice on the steamer General Grant.

Trustee Boards Cut Teachers' Salaries

Over $8,000 Trimmed from Annual Pay Rolls of Ukiah Hi and Grammar Schools

The board of trustees of the Ukiah high school district met last Monday and, among other business, took up the matter of the proposed reduction of teachers' salaries, which had been discussed informally for several weeks. As the result of their action $4,760 was cut from the annual salary roll of the school.

The changes were as follows:

	Old Salary		New Salary
C. M. Fulkerson	$4000	to	$3000
W. H. Chessall	2950	to	2500
Paul Beaufort	2800	to	2300
Prof. Roberts	2300	to	2070
E. B. Christenson	2300	to	2070
Paul Lung	2000	to	1900
I. Saari	1200	to	1000
Miss Perry	2200	to	1900
Miss McDonald	2200	to	1900
Mrs. Eilers	2200	to	1900
Mrs. Cox	2200	to	1900
Miss Kaiser	2100	to	1850
Miss Hollenbeck	2100	to	1850
Mrs. Beaufort	2100	to	1850
Miss Jergens	1800	to	1750
Miss Giles	1700	to	1650
Total	$36,150		$31,390

The reduction amounts to $4760.

The grammar school trustees met Tuesday and took similar action, cutting $4,000 from the salary roll of that school. The grammar school teachers' salaries are considerably lower than those in the high school and the cuts averaged a smaller percentage but there are 16 teachers employed and the sum total was almost as great as in the high school.

The greatest cut was in the salary of Principal Ray Wilson. At his own request, Wilson's salary was cut from $3,000 to $2,500.

Harry D. Roberts, of Monterey, son of Dr. and Mrs. C. E. Roberts of this city, spent Sunday and Monday visiting his relatives, while en route to Redding for a short stay.

Indian Woman Hurt In Auto Accident

Ukiah Takes Game at Lakeport Sun.

About half of the large crowd that attended the baseball game at Lakeport, last Sunday, between that city and the local nine were Ukiah people. This fact was of great encouragement to the Ukiah team and had a lot to do with their winning the game. The score was 2 to 1.

The only run scored by Lakeport was made in the fist inning. Matson displayed fine work in the box and received excellent support from his teammates.

Personal mention was given for fine performance to Ottoson, Bishop, Busch, Souza, Wiley and Purcell. Wiley knocked the ball over the fence. Purcell, a substitute, played a strong game behind the bat.

Next Sunday on the local diamond, the Ukiah team is scheduled to play the Coast All-Stars, who are coming here with the intention of trimming the local boys. They will use some imported talent, it was said. Matson will pitch against his brother from Fort Bragg, who is holding down the box for the visiting team.

The contest next Sunday has all the indications of a good game and the fans are promised their money's worth.

N. W. P. REPORTS LOSS

Northwestern Pacific Railroad company's operating expenses and taxes in 1931 were $341,963 more than the total revenue derived from the company's business, according to President and General Manager Edward H. Magard. Revenue from all sources was $4,153,264 in 1931 while operating expenses and taxes amounted to $4,495,227. "Needless to say," Maggard said, "there was nothing left as the result of the year's operations with which to pay interest on the millions of dollars invested in roadway and equipment, or on outstanding bonds."

Frye, accompanied by Jack and Vaughn Savage, motored to the Eel river dam last Saturday and camped over night to be on deck for the opening day of the fishing season. Primary Vote About 50 per cent Tuesday

Garner Beats Both Opponents in Mendocino County. Both Oil Bills Beaten.

Running ahead of the combined votes of his two opponents for the Democratic delegation, the Garner ticket won out hands down in Mendocino county at the presidential primary last Tuesday. In the state Garner is victor by at least 45,000 votes.

Two Mendocino county men were on the ticket, Dr. H. O. Cleland, of Ukiah, and Russell Scott, of Salinas, who was born and reared here, the son of Mr. and Mrs. Charles Scott, who live on the Talmage highway. Both Cleland and Scott will go to the Chicago convention to cast their vote for Garner for the nomination.

The vote last Tuesday ran about 50 per cent of the registration in this county. In 83 precincts reported yesterday the results were as folows:

Republican—Hoover 2,088.

Democratic—Smith 318, Roosevelt 611, Garner 962.

Sharkey Bill—Yes 805, no 4,050.

Beach Lease Bill—Yes 1,782, no 2,769.

Both bills lost out in the state vote also.

The net result of the California primary is the probable elimination of all three of the Democratic candidates—Roosevelt, Garner and Smith. Had Roosevelt been able to swing the California delegation the psychological effect in other states yet to hold primaries would have been tremendously in his favor, and in those states where the balance between the three was close would have probably swung the victory to the New York governor. However, Roosevelt has now been definitely stopped. On the other hand, neither Smith nor Garner will be able to make much further headway, as feeling is too bitter. The likelihood now is that the candidate will be someone not yet mentioned at all.

The San Francisco Chronicle of Thursday in an editorial credits Roosevelt's defeat in California to the shrewd manipulation of the drys, headed by McAdoo, who centered their support on Garner, while the wets split between Roosevelt and Smith. The Chronicle credits Roosevelt's defeat to Smith's entry in the California primaries.

Incidentally, the Chronicle believes that Garner's victory paves the way for McAdoo's entry into the United States senatorial race as the Democratic candidate at the November election.

The Democrats six months ago were in a fine strategical position. However, instead of fighting the Republicans they have taken to fighting Democrats and the Republicans have cheered up immensely, believing that Hoover's reelection is now assured on account of the internal strife in the Democratic party.

Well, that remains to be seen. There was as bitter a row in 1912 and yet Wilson was elected. The fundamental trait of Democracy is that it never loses hope.

Ed Haehl Announces in Supervisor Race

Supervisor Ed Haehl of the first district this week announces his candidacy to succeed himself as supervisor. Two years ago Supervisor Haehl was appointed to fill out the unexpired term of E. L. Williams, who resigned when he became sheriff.

Since assuming the duties of the office of supervisor Mr. Haehl has at all times taken a stand for economy in county expenditures and has ever been ready to work with committees seeking to reduce the outlays the taxpayers are called upon to meet.

The attitude Supervisor Haehl has taken in the past will be, he asserts, carried out in the future. At a recent meeting of the board Supervisor Haehl expressed his willingness to have the road fund cut 20 per cent and, if the prevailing depression continues, he is in favor of even a more drastic cut not only in roads but in all the expenditures and, when the time comes for making the budget in June, he will be found advocating the most material decreases possible to obtain. Since assuming office Supervisor Haehl has done his utmost to protect the interests of the taxpayers and, regardless of the outcome of the primary, will continue to do so while he is in office.

Suffered Ten Years Then Found Sargon
Recommends It Because It Proved Worth in Her Case

"Sargon and Sargon Soft Mass Pills are the most wonderful medicines I have ever used. I say this because they have brought back my health after I had suffered for ten long years. My liver was torpid and my complexion sallow. My entire system was filled with poison. I was dreadfully nervous and was losing my strength and energy. Sargon ended my troubles as no other medicine has ever done. But the greatest blessing of all was the way the Sargon Soft Mass Pills relieved me from constipation from which I had suffered for so many years."—Mrs. Alexander Malcott, 1405 W. The citations which comprise the Lesson-Sermon will include the following from the Bible: "After this I beheld, and, lo, a great multitude, which no man could number, of all nations, and kindreds, and people, and tongues, stood before the throne, and before the Lamb, clothed with white robes, and palms in their hands; And one of the elders answered, saying unto me, What are these which are arrayed in white robes? and whence came they? And I said unto him, Sir, thou knowest. And he said to me, These are they which came out of great tribulation, and have washed their robes, and made them white in the blood of the Lamb. And the Spirit and the bride say, Come. And let him heareth say, Come. And let him that is athirst come. And whosoever will, let him take the water of life freely" (Rev. 7:9, 13-14; 22:17).

The Lesson-Sermon also will include the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Divine Science rolls back the clouds of error with the light of Truth, and lifts the curtain on man as never born and as never dying, but as coexistent with his creator" (p. 557).

Covelo News

COVELO, May 2.—The Mendocino County federation of women's clubs had four representatives at the convention of the San Francisco district, which was held at Eureka during the week just passed. Mrs. Walter H. Higgins of Ukiah, second vice-president, was prominent among the honored guests. As official timekeeper, she had a seat on the platform during the entire convention, receiving a beautiful boutonniere and later an armful of lovely gladioli from the clubs of Eureka. A basket of yellow roses bearing greetings from Mendocino county federation awaited her coming on Thursday morning, at which time she had the honor of presiding over the convention. Mrs. Higgins was one of the very interesting speakers at the banquet on Thursday evening. She was also official spokesman in presenting an invitation from Mendocino county federation and the city of Ukiah to the district to meet at Ukiah, which was done with persuasive charm. However, prior claims from Palo Alto won acceptance of its hospitality for 1933.

County Federation President Myrtle Eglin was represented by Secretary-Treasurer Luella C. Biggar, who read the president's report and signed for her the invitation of the fourteen counties from this district to the State convention to meet in San Francisco in 1933. Willits Improvement club was represented by its charming and efficient president, Mrs. Elma Elwood, who with Mrs. Royal Ryder, delegate from Kosmos club of Ukiah, was presented on Thursday morning. Mrs. Ryder had with her copies of "Romance of the Redwoods," composed by Mrs. S. O. Coolidge of Coolidge Redwood Grove. This song was featured at the picnic in the clubwomen's grove on Friday morning.

President Jessie Williamson urged the delegates to remember and to impress upon the individual clubs in the district the fact that each of the fourteen counties has signed the invitation to the State federation to be guests of San Francisco district in 1933. It thus becomes the duty of each county, each club and each member to back the enterprise, financially, socially and in every other way, so that the State convention of 1933 may be an eminent success.

The credentials committee reported 167 accredited delegates in attendance, and about 200 local club members.

The auditorium was packed to capacity on Friday evening when friends of the members of Skelley's band gathered at special invitation to witness the annual musicale. An ingenious plot or "continuity" had been arranged by the leader assisted by the young people, to give unity to a varied program. Forty-three names appear in the roster of the band. The program included three marches by the band as a whole; eighteen instrumental solos, three duets, one trio and two quartets; and two vocal solos, four duets and one quartet. The young people and their leader took pleasure in presenting their accomplishments to an appreciative audience, and the spontaneous applause of the audience gave them generous recognition.

A. N. Moore, F. E. Woolley and Earl Caldwell drove to Willits Saturday to meet Tom Baker of San Francisco, grand lecturer of Free and Accepted Masons for the State of California.

The regular meeting of the Covelo Women's Improvement club will be held at the auditorium on Saturday, May 7, at 2:00 p. m. The welfare committee, Mrs. Burby chairman, will present a program and will serve a tencent tea, the proceeds of which will go to the health camp in Anderson valley. Members are requested to come in Colonial costume. In connection with the tea there will be a display of pansies. Those wishing to make individual displays will please arrange three specimens in individual container (a small jelly glass is suggested) and label with name of grower. Anyone having a surplus of blossoms which she is willing to contribute for decorations is requested to leave them at the home of Mrs. G. M. Biggar Friday afternoon or early Saturday morning for the convenience of the committee, whose time is limited.

The Sunday schools of the community are preparing Mothers' Day programs for Sunday morning, May 8. Come and share in the pleasure the little ones are preparing for you.

The next meeting of the Covelo chamber of commerce is scheduled for Monday evening, May 16.

Mrs. E. H. Long of the Baptist church was honored by the young people with a surprise party. Food, fun and frolic characterized the gathering.

E. A. Gravier has just finished installing a fine new refrigerator counter in the Covelo meat market.

Philip Payne, executive secretary of the Presbyterian church for northern California, came up on Tuesday last to attend the annual meeting and supper of the local organization, giving a most interesting talk on "Life." The pastor requested to remain in charge of the church for the ensuing year. A meeting of the trustees is called for Sunday, May 15, to complete organization of the board. Pastor Burnham is in Sacramento over this week end.

District Attorney Lilburn Gibson was the speaker at the public schools week program last Wednesday. He told in an interesting manner of the ancestry of George Washington. A. N. Moore presided. Much interest was shown in the display of school work.

May Day broke squally and erratic, much nearer to winter that should be gone than to summer which is knocking at our door. Fresh snow may be seen on the high hills.

A brief call upon Engineer and Mrs. George Hellesoe of Eureka, former residents of Round valley during the construction of the Round valley highway to Mendocino Pass, was one of the pleasures of last week's visit to Eureka. Mr. Hellesoe has charge of the maintenance work of the Eureka district of the State highway. He and his wife send greetings to their friends of former days in Round valley.

Mrs. Edith Murphey is visiting in Hoopa valley.

WILLITS NOTES

WILLITS, May 4.—There were only 527 votes polled at the election yesterday in the entire seven local precincts, which includes five in Willits and two outside, but this was largely due to the rain, which lasted almost all day long. The Hoover delegates polled 240 votes which was 51 less than the number of Republican votes polled.

This is the way the Democrats voted —Garner 93, Roosevelt 88 and Smith 33.

Children Christened at Presbyterian Church

Rea Frances, the infant daughter of Mr. and Mrs. Richard Sherman Thompson and grand daughter of Mrs. Marie Hinton Rea of Ukiah, will be christened on Mothers' Day, May 8, at the Presbyterian church of Ukiah. The little one will wear the baptismal robe in which her father was christened. The tiny garment was sent here for the occasion by the baby's great grandmother, Mrs. W. O. Rich of Chicago. The ceremony will be performed by Rev. E. H. Benson, pastor of Holy Trinity Episcopal church, at the altar where the parents were married a year and a week ago, amid a floral setting similar to the Mothers' Day decoration.

Marjorie Jane, the daughter of Mr. and Mrs. Jack Goudge, will be christened at the same service. The ceremony is conspicuous from the fact that it will be attended by eight of the little one's direct ancestors including the parents, Mr. and Mrs. Jack Goudge; the maternal grandmother, Mrs. Mary Jane Goudge; the paternal grandparents, Mr. and Mrs. H. T. Harvey; and three great grandparents, Mr. and Mrs. H. F. Suydam, and Mrs. Lucile Leland.

Masons Meet at Temple Tonight

C. Burnam Heryford, worshipful master of Abell Lodge, No. 146, F. and A. M., announces that the stated meeting of that fraternal order will be held at the Masonic Temple this evening. A six o'clock dinner will precede the regular business session.

The clubrooms at the Masonic Temple are open to all resident and visiting Masons, who are cordially invited to use them for conferences or meetings with friends.

Snyders Arrive in Pennsylvania

Ukiah friends of Mr. and Mrs. C. N. Snyder will be interested to learn that according to letters recently received here they have safely arrived at the Atlantic seaboard after a delightful three weeks' trip across the continent.

They drove through sunny southern California, where they witnessed the lettuce, orange and grape fruit harvest and the planting of the bean crops.

They visited the bathing beaches, where throngs of people enjoyed the balmy spring days.

The lure of the deserts of the southwest made a great appeal to them.

The copper mines of Bisbee were a point of special interest.

They gave an entertaining description of their trip from Yuma to El Paso and speak of the financial features of the great engineering feats of the Coolidge and Boulder dams.

The trip of 865 miles from El Paso to the Louisiana line was made in three and a half days. They foresee a great development for Texas within whose broad bounds they say the people of the whole United States could live and not be as crowded as sections of China or India.

Northern Louisiana and Mississippi with their one industry of cotton raising seemed to be hard hit by the depression.

They crossed the Mississippi at Vicksburg, the highway passing right through the heights where Grant beseiged the city.

They visited the negro college founded at Tuskegee by Booker T. Washington.

In South Carolina, they spent a night at the home of D. B. Anderson, master of the state Grange.

Many of the large tobacco factories of the country are located in North Carolina. They passed right by the Lucky Strike factory and curing shed, which houses 60,000,000 lbs. of tobacco.

In passing through Virginia, they drove through Charlottsville near Thomas Jefferson's home, "Monticello." They spent a night at Madison, the county seat of the county in which James Madison was born.

In Washington, D. C. such points of interest as the White House, the Capitol, the Lincoln Memorial, and Washington's Monument claimed their attention.

They reached home in Nicholson, Pennsylvania, after driving for three weeks and covering 4,200 miles reaching from the Pacific to the Atlantic.

State Theater News; Tabloid Reviews

The big event of the week at the State theater was the presentation on Sunday and Monday of "Palmy Days," starring Eddie Cantor, supported by Charlotte Greenwood.

The comedy, which was both clever and spectacular, was enjoyed by a full house and soon played ducks and drakes with the dignity of the audience.

The episode in the "African Adventures" entitled "The Stampede of the Water Buffalo," was especially interesting and instructive, dealing with the habits of these powerful beasts and the danger of the disease spreading tsetse fly.

"The Big Gamble," Saturday's attraction at the State is a thrilling modern story that holds patrons spellbound from the commencing close-ups to the final fade-out.

Bill Boyd gives one of the best performances of his career, proving him a powerful dramatic actor.

Dorothy Sebastian, Boyd's bride of a few months, is the leading lady in this tense drama of love, dawning under the dark shadow of death.

Warner Oland, sinister menace of a score of thrillers, is the evil influence in the picture. This noted Swedish actor has practiced villany in practically every nationality but his own. He gives one of his infrequent portrayals of Americans in this picture. He has never played a Swedish part, his favorites roles being Oriental.

ZaSu Pitts, equally apt at comedy or tragedy, has been characterized by Eric Von Stroheim as the screen's greatest tragedienne. Yet, she is called on to play four comedy roles to one of tragedy. She is cast in a laugh winning part in this production. Other members of the brilliant cast are James Gleason, William Collier Jr. and Ralph Ince.

• **"Arrowsmith,"** film version of a world famous novel is coming to the screen of the State theater next Sunday and Monday.

As a novel it is acknowledged by most critics to be the finest work of Sinclair Lewis, its author. It won a Pulitzer prize on publication only to have Mr. Lewis refuse to accept the award as not representing his work. His eminence as a writer of international importance was recognized last year by the Noble prize for literature, which has been won by no other American.

The distinction of the story, the importance of the cast, and the acclaim with which the production has been received combine to make it an unequalled cinematic event.

Ronald Colman plays the title role of the crusading young doctor who goes down to a savage island in the West Indies to risk his life against bubonic plague, the historic black death, in an effort to prove he has discovered its cure.

Helen Hayes, the stage star, plays opposite Colman as the devoted wife who suffers and sacrifices in the interests of her husband's career.

Richard Bennett, one of the most brilliant and tempestuous personalities on the American stage and father of the screen Bennetts, is a member of the supporting cast.

Myrna Loy, Florence Britton, Claude King and Alec B. Francis take important parts.

"Expensvie Women," coming to the State next Tuesday and Wednesday, is a notable production for many reasons. It marks the return to the screen after a two-year domestic retirement of Dolores Costello with a more ethereal lovliness, and a madonna like quality. Her perfect diction and the ever changing animation of her countenance help her to attain an unusual triumph in the creation of the wilful and emotional Constance Newton, heroine of the absorbing romance, in the thrilling sequences of which she wears a fortune in fine and fashionable apparel.

Warren Williams, a newcomer to the screen but well known on the Broadway stage, is the leading man.

Other fine performances are given by Anthony Bushell as the fair lady's second infatuation and by H. B. Warner as the stern criminal attorney and father of Bushell.

In private life, Dorlores Costello is the wife of the famous John Barrymore, who was seen here in the "Mad Genius" this week.

Think with what an inheritance of talent their tiny daughter, Dolores Ethel Mae, may be endowed.

"Taxi," starring James Cagney and Loretta Young, will be staged at the State next Thursday and Friday.

The production won great praise from the newspaper critics of New York during its three weeks' premier engagement at the Strand. The consensus of opinion was unanimously favorable.

The role in this rapid and rattling romance was made to order for Cagney and Young who appear, respectively, as a taxi driver and cafeteria cashier.

The scene is set in a section of New York beyond 34th street and west of Eighth, and the characters are the younger generation of that noisy overcrowded quarter of the city. They are honest energetic young people who live their life to the fullest, according to their own moral and ethical codes as religiously as do the more fortunate folk of Park avenue.

The stars are splendidly supported by a cast consisting of George E. Stone, Guy Kibbee, David Landau, Leila Bennett and others.

"Big Gamble" stars the blonde Bill Boyd
And brings you pleasure unalloyed.
You'll see the clever Zasu Pitts
Whose art the public now admits.

In **"Arrowsmith,"** the title role
Is Donald Colman's latest goal.
The lovely stage star, Helen Hayes
The part of loyal wife portrays.

"Expensive Women," screen success,
Is greatly praised by public press.
Dolores Costello was first queen
Enthroned upon the talking screen.

In "Taxi" Cagney speeds to fame
And plays the cunning chauffeur's game
As from the vantage of front seot
Reviews life in the city street.

Anderson Valley Club Meets

The third monthly meeting of the Anderson Valley Club was held at the attractive suburban home of Mrs. Edna Holliday, Tuesday evening, with Mrs. Lena Elder, vice-president, presidnig in the absence of Mrs. Emily Miller, who was serving on the election board. However, Mrs. Miller joined the group later in the evening.

It was decided to continue the meetings through the summer, when some out-door affairs may be enjoyed.

The initial number ofthe program planned by Mrs. Olive E. Busch and Mrs. Velma Gibson was a group of vocal solos beautifully rendered by Miss Chrystine Burke. As a special tribute to the club she sang first "At the End of Redwood Trail" by Blanche Franklyn and Nat Vincent. Miss Burke sang this beautiful ballad at the dedication of Dimmick park. At the club meeting, Miss Burke also sang by request "Pagan Love Song" by Arthur Freed and Nacio Herb Brown, made famous by being sung by Ramon Navarro in his picture, "The Pagan." Her third number was "That Old Irish Mother of Mine," by William Jerome and Harry Von Tilzer. She was accompanied on the piano by her sister, Miss Wanda Burke.

Miss Ernestine Gibson read W. W. Martin's poem, "The Apple Blossoms" in honor of her great grandfather, J. D. Ball, who was the pioneer orchardist of Anderson valley.

Mrs. Olive E. Busch gave a history of the valley, naming a number of the first settlers, who were the forefathers of many of those present.

Mrs. Minnie Lambert was able to mention persons and events the memory of whom had faded from the minds of others her senior in years.

One notable feature of the gathering was the presence of four generations of grown people in one family which included in direct descent Mrs. Cass Ingram, Mrs. E. B. Ball, Mrs. Lilburn I. Gibson, and Miss Ernestine Gibson.

Dainty and delicious refreshments were served by Mrs. Edna Holliday, Mrs. Melissa Carpenter and Mrs. Lola Dumas.

A quartette selected by Mrs. Gibson and composed of Miss Chrystine Burke, Mrs. Emily Miller, Mrs. Lena Elder and Miss Ethel Ingram sang several selections, with Mrs. Edna Holliday at the piano.

Community singing of old favorites was led by Miss Burke.

The June meeting will be held at the home of Mrs. E. B. Ball, with Mrs. Velma Gibson and Mrs. Leila Romer acting as assistant hostesses. The program will be planned by the Misses Chrystine and Wanda Burke and Mrs. Edna Holliday.

Strange Similarity of Names Noted

The San Francisco Chronicle of the issue of January 16, 1932 contained an account of the arrival in San Francisco of the United Fruit Company's new ship, Talmanaca. The article was accompanied by a picture of J. Scott Ryder of Hillsborough, Pacific coast manager of the line, who had met the ship in Los Angeles and had flown back to San Francisco to superintend the docking there.

J. Scott Ryder of Ukiah had the newspaper item and picture brought to his attention and communicated with the man who bears his name.

After a few exchanges of telegrams it was arranged that the J. Scott Ryders of San Francisco should visit J. Scott Ryder of Ukiah and accordingly Mr. and Mrs. J. Scott Ryder and son motored up from the city Sunday and spent the day here.

The family history was read back to Normandy, where the name was De-Reither, which meant the rider for the king of the king's messenger.

The San Francisco family formerly spelled the name Ryder and have only changed during the last generation.

After tracing their relationship, the families planned to meet again soon.

Twenty-Thirty Club Defeats Seniors

Preceding the dinner meeting of the Ukiah Twenty-Thirty Club, which was held at the Palace hotel Wednesday evening with Pete Simoncini presiding, the young men played a practice game of baseball on the high school diamond with members of the local Lions Club, to the undoing of the senior club.

The Twenty-Thirty Club has a game with the DeMolay boys scheduled for an early date.

Club Concludes Year's Work

The Saturday Afternoon Club held the last regular meeting of the year at the clubhouse last Saturday with Mrs A. L. Tracy presiding.

A number of interesting reports were rendered, among which was that of the nominating committee.

Officers were duly elected as follows: Mrs. V. C. McClure, president; Mrs. A. L. Tracy, first vice-president; Mrs. W. K. Jamison, second vice-president; Mrs. H. W. Brunner, secretary; Mrs. Jessie Brunner, corresponding secretary; Mrs. E. W. James, treasurer. The council is composed of the officers and the following members: Mrs. Guy Redwine, Mrs. W. D. L. Held, and Mrs. Terrill Duncan.

The decorations were in the opinion of many the most artistic and attractive that have been seen in the clubhouse at a regular meeting during the club year.

The stage was really a beautiful picture, the perfect arrangement of which could have been planned only by one having the true artist's conception of color combinations.

The flowers used were all in soft shades of color that harmonized happily.

The lattice fence at the rear of the stage was intertwined with graceful sprays of hawthorne thickly set with very double blossoms in a distinctive shade of deep rose.

The arched gateway in the fence was flanked on either side by tall baskets of hawthorne, Cecil Brunner roses, iris, and bridal wreath, the mass of rose color being relieved by a touch of mauve and white that made a very choice combination.

Mrs. Guy Redwine, chairman of the day, presented Mrs. J. R. Clark of San Francisco, a reader of unusual talent and training, who entertained the club with the reading of a new and modern play entitled "Art and Mrs. Bottle."

The greeting extended to Mrs. Clark, who is a past president of the Saturday Afternoon Club, when she appeared upon the stage amounted to a regular ovation.

Mrs. Clark was attractively attired in a lovely lace costume in a beautiful and becoming shade of pale green

A beautiful basket of pale rose tulips, the gift of the literary section of the club, stood beside her and enhanced lovliness of her costume.

The play which she read was written by Ben Levy, the English playwright, and is at present having a most successful season in London.

There was an English atmosphere about the production that was most appealing to those of British ancestry.

Mrs. Clark read with marked dramatic ability and with infinite variations of accent and action depicted each character as vividly as if enacted separately.

At the conclusion of the reading as the rooms echoed with prolonged applause, Mrs. C. B. Hopkins presented the reader with a sheaf of golden roses.

The musical faeture of the program was a group of contralto solos beautifully rendered by Mrs. V. C. McClure, president elect, with Mrs. Hale McCowen Jr. accompanying her on the piano.

Delicious refreshments were served by a committee of hostesses consisting of Mrs. Louis Hildreth, Mrs. J. Q. White, Mrs. Rena Stout, Mrs. Ida Brown, Mrs. E. L. Williams, Miss Grace Toles, and Mrs. H. Polhemus.

Paul Poulos went to San Francisco the latter part of last week to take his cousin, Joe Mantesis, for medical attention. Mantesis has been ill for several weeks.

College Students Visit in Ukiah

William B. Hagans, Jr. came up from the College of Physicians and Surgeons in San Francisco, where he is taking a course in dentistry to spend the week end with his parents, Mr. and Mrs. W. B. Hagans, of Ukiah.

He had as his guest a distinguished fellow student, Maurice Lopez, of Central America, who is the son of a former president of Salvador.

Ewert Mitchell, who has been ill for the last two months with inflammatory rheumatism, was able to be about this week, although still greatly crippled and suffering considerable pain. He states that the malady is gradually yielding to treatment.

Celebrates Birthday at Dinner Party

Mrs. I. M. Brazier entertained a group of eighth grade girls from the grammar school at a charming dinner party at her home in west Standley street Wednesday evening to celebrate her daughter, Betty's 13th birthday.

The rooms and dinner table were beautifully decorated in a charming single toned color scheme of radiant rose. The floral adornments consisted of pink Duchess roses and sweet peas in the same soft shade of pink. The favors and place cards displayed the same hue, which prevailed also in the menu, a conspicuous feature of which was the birthday cake of angel food iced in pink.

After dinner, Mr. and Mrs. Brazier took the party of girls to the State theatre, where they witnessed the artistic characterization of "The Mad Genius" by the talented John Barrymore.

The friends who enjoyed Miss Betty's hospitality and wished her many happy returns of the day were the Misses Carol Grothe, Elberta Mankins, Virginia McGarvey, Virginia Mustard, Eloise Thomas, Frances and Louise Cunningham, June Lentz, Frances Hill and Della Pauli.

Short History of Anderson Valley

Walter Anderson, accompanied by his family, came up from Sonoma county in 1851, and located about one mile northwest of the present town of Boonville, where he lived for a number of years and witnessed the arrival of other settlers.

It is fitting that the fertile valley should bear the name of this early pioneer, who led the onward march of civilization. He finally sold out to Joseph Rawles in 1858 and moved away but his memory is perpetuated in the name.

J. D. Ball, accompanied by his family, arrived in 1852, and located on the east side of the valley, thus becoming the second permanent settler. He was the first to plant a large orchard, many of the trees being still alive and bearing. He also built the first fruit dryer in the valley in 1890.

Among other early arrivals were those of John Gschwend and William Prather in 1855; James S. Smalley in 1856; Oscar Carey, Joseph Gschwend, James Burgess, Henry Wade, Frank Buster, Cleveland Nellen, Andrew Guntley, Alonzo Kendall, John Gossman, John Conrad, Alfred Braden, James Shields, W. W. Boone, A. Elliot and H. Stevens in 1857; Joseph Rawles, J. A. Jamison, J. O. McSpadden and J. McGimsey in 1858; Alex McDonald, Stephen Knowles and J. W. McAbee in 1859; Cornelius Prather in 1862; R. H. York in 1865; and the Clow family in 1867.

Members of the Gschwend, Prather, Guntley, Gossman, Conrad, Rawles and other pioneer families still own some of Anderson's fertile acres.

William Fry, of Guerneville, Sonoma county, purchased the lands of James S. Smalley in 1875.

Alonzo Kendall, who erected the first building in Boonville, was an uncle of E. B. Ball and Emily Miller of Ukiah.

A school district in the valley is named for James Shields.

J. A. Jamison, who came to Anderson valley in 1858, was the father of G. E. and J. A. Jamison of this city.

Joseph Rawles was the grandfather of Austin Rawles of the state traffic patrol.

John McGimsey, one of the valley's earliest pioneers, was the great grandfather of Mrs. M. H. Iversen.

Stephen Knowles lived on the place owned by F. A. Rawles.

The name of Alex McDonald is perpetuated in that of the McDonald-to-the-Sea highway.

The first town in the valley was started about a mile south of Boonville at a place where three ways meet and was known as "The Corners." John Burgot built a hotel there which he called the "Anderson House" in 1862. Samuel Stevens built a blacksmith shop and Levi & Harrison a store.

Alonzo Kendall built a hotel on the site of the present town of Boonville and called the place Kendall's City. Charles Bradway opened a blacksmith shop and Levi & Straus moved their store here. They soon sold out to W. W. Boone, who bequeathed his name to the town, as Mr. Kendall had moved to Manchester.

John Gschwend built the first sawmill in the township in 1856. He added a grist mill in 1864, which supplied the community with flour until 1875, when the mill was destroyed by fire.

The Clow Bros. built a mill on the west side of the valley about four miles from Boonville in 1876 that ran for 20 years.

H. O. Irish erected a sawmill a mile or two further south in 1878, but it was soon destroyed by fire.

John Gschwend, also, built the road to Ukiah partly by private subscription, and when the subscriptions failed completed it as a toll road.

The Gschwends, Guntleys and Gossmans were Swiss and formed a settlement at the lower end of the valley long known as "Guntley's" and later as Christine for Mrs. J. Reilly, a daughter of John Gschwend.

Philo, nine miles north of Boonville, has a Methodist church, postoffice, stage station and several homes. When the postoffice was established, Cornelius Prather, postmaster, named it Philo after a favorite friend of his. The Prather and Brown families have been the leading residents for several generations.

Yorkville, in the southern part of the township, was named for R. H. York, its pioneer settler. Other prominent families of the neighborhood were those of E. M. Hiatt and J. S. Ornbaun.

Other neighboring communities are Mountain View, where the Campbells, Crispins and Pipers made their home, Signal where Reece Clow lived for many years, Peachland settled by the Sanders and Heryfords, and Bell valley where members of the Singley and Wallach families still reside.

A union high school was established in the valley some 20 years ago, which offers an excellent educational opportunity to the young people.

One live Methodist church is maintained in Boonville. The buildings have been reconstructed and modernized recently.

The women's organization known as the Unity club is a valuable community asset.

The Anderson Valley Lodge, No. 411, I. O. O. F. ,of which McDonald Rawles is noble grand, and the Redwood Rebekah Lodge, No. 390, of which Mrs. Beatrice Sweet is noble grand, were instituted a few years ago.

The three chief officers of the Ukiah Lodge, No. 174, I. O. O. F. are Anderson valley boys as follows: Wayne P. Burke, noble grand; Garrie Heryford, vice grand; and Milton M. Miller, acting past grand.

Among the well known families during the present generation were the Gschwends, Guntleys, Reilleys, Browns, Prathers, Ruddocks, Rawles, McGoughs, Witherells, Hoags, Wightmans, Balls, Frys, Ornbauns, Wallaces, Roses, McAbees, Donnelleys, Duffs, McGimseys, Thompsons, Looneys, Vestals, Tarwaters, Bergers, Wallachs, Lawsons, Hutsells, and Robinsons.

The important products of the valley and vicinity are wool and apples.

The low open hills bordering the east side of the valley furnish fine pasturage for sheep.

The climate of the valley is a mean between the cool coast and the hot interior and is very favorable to apple culture. Extensive orchards have been planted the length and breadth of the valley and lapping far up the hillsides. The whole countryside is a bower of bloom in the springtime but the crowning period of the year is the autumn, when the rich harvest of crimson and golden apples are garnered in. A widely advertised apple fair is held in a great pavilion in Boonville annually in October. It is celebrated as a home-coming time when members of the pioneer families hold reunions.

The region which is made accessible by the scenic McDonald-to-the-Sea highway, is one of the finest playgrounds in the state. It consists of the watershed which is drained by the Navarro river and its tributaries.

The western hills are covered by a thick stand of redwoods, the single species which gives California distinction in tree life. They are a survival of a former geologic period and are the oldest living things in the world. An abundance of fish and game make the country a sportsman's paradise.

A 40-acre tract of redwood timber located west of Boonville on the Point Arena road and known locally as Bear Wallow has been deeded to the county by the Santa Fe Land and Improvement company, the real estate auxiliary of the Atchison, Topeka, and Santa Fe railroad. It is designated as the O. E. Falkner Park, perpetuating the name of the man who for many years has had charge of the real estate affairs of the railroad company.

Dimmick Park is a tract of land on the lower course of the Navarro river covered with redwood timber and a luxuriant undergrowth of native shrubs and ferns. It was donated to the state in 1922 by the Albion Lumber company and dedicated to the memory of Paul M. Dimmick, former general manager of the company.

The Hendy grove, named for Joshua Hendy, one of the original owners, is ideally located on the McDonald-to-the-Sea highway and is the property of the Albion Lumber company. The land is more or less level and is covered with a thick stand of majestic redwood trees.

ANDERSON VALLEY

BOONVILLE, May 4.—A fair sized crowd attended the two short plays staged by the Epworth League Friday evening at the high school and anyone not attending missed a very pleasant evening. Mrs. R. H. McClure and son, Les, left Friday morning by motor for Arkansas after receiving word of the serious illness of Mrs. McClure's sister. The race with death was hopeless, as word was received after their departure of the death and burial of her sister. An effort was made to reach them at Needles, Arizona, but failed.

Floyd Potter went off the schoolhouse grade last Wednesday within a few feet of the spot where Desmond Ford went off last week. Only the fact that he struck a tree kept him from going down to the river. The front end of his Ford was caved in by the impact. His hand was slightly hurt. The Ruxtel slipped out of gear going down the first hill and he got up so much speed he was unable to negotiate the fish hook turn at the top of the last hill and keep the grade. This is a very dangerous turn and has been the scene of many accidents. The fact that none of them have resulted seriously has been due more to good fortune than anything else. We believe this turn should be improved before a fatal accident takes place.

Bromley Speaker at Service Club

William Bromley, cashier of the Savings Bank of Mendocino County, who with his wife has just returned from an extensive vacation trip, spoke interestingly of his travels before the Rotary and Lions clubs at their meetings at the Palace hotel this week.

During their five weeks' absence from home Mr. and Mrs. Bromley travelled 9,000 miles, 6,000 of which was on the two great oceans. They spent 25 days on the water, which proved very enjoyable, as they are both good sailors. They visited eight foreign countries and 11 foreign cities.

They spent ten days sight seeing in the historic and populous sections of the eastern United States.

Their first stop at a foreign port was at Acapulco, Mexico, where they arrived at 4:00 o'clock in the morning on Good Friday. In a Catholic country this day is celebrated as an important holiday. Places of business are closed and workers granted a week's holiday.

On coming to anchor in the land locked harbor, they were gently aroused from their slumber by the echo of song in the soft southern tongue and the dipping of oars as boatmen rowed around the ship to meet and greet the new arrivals.

The sand beaches bordered by rows of palms against the rugged background of rough and barren mountains made a striking picture of great beauty. Mexico City is located 200 miles inland on the tableland. The usual population of 1,000 persons in Acapulco was increased to 5,000 by the influx of holiday crowds from Mexico City.

The streets of the city are narrow and rough and the one story adobe houses have unglazed openings that are never closed.

The old fort of Santiago built on a peninsula in the harbor, is still strongly fortified.

The next stop was made at San Jose de Guatemala, from which they enjoyed a 75-mile trip inland to Guatemala City, which has an elevation of 5,000 feet and a population of 130,000. Here the travellers saw many relics of the Mayas, an ancient civilization which antedates the Aztecs.

Other Central American cities visited were Acajutla and LaLibertad in Salvadore, Corinto in Nicaragua, and Punta Arenas in Costa Rica.

Mr. Bromley spoke rapidly to the Lions club for 40 minutes and could only cover the high lights on a small part of the journey. He will speak at the next meeting of the Lions club when he will discuss the countries of Columbus, Panama, and Cuba.

Prominent Educator Entertained Here

Mrs. Anna Porterfield, of Santa Rosa, former superintendent of schools of Mendocino county, has spent the past week in Ukiah, where she has been the guest of Mrs. Alpha Lane, Miss Pearl Taylor and other friends. Miss Taylor was Mrs. Porterfield's deputy during the latter's term of office as superintendent of schools.

Mrs. Porterfield conducted a normal school in Ukiah for a number of years and prepared scores of the best teachers in the county for their profession.

On the occasion of her present visit Mrs. Porterfield is being very cordially greeted by old friends and former pupils.

She was a guest at the meeting of the Saturday Afternoon club, last Saturday and at the annual dinner of the Christian church, Sunday, at both of which gatherings she was very warmly welcomed by many friends of other years.

Awaken,

CALIFORNIANS!

Awaken to the big opportunities now facing us . . . Even in these times of nationwide stress California remains the "whitest spot" on the economic map. Fundamentally we are sound as a dollar . . . The only barrier between us and good times is a mental one—groundless fear. We Californians have everything—money, diversity of resources, productive soil, a world-famous climate, a vast tourist business and great shipping and manufacturing interests. We are the best advertised community on earth . . . Why should we fear *anything?* Let's unitedly support our industries and our banking institutions by putting every inactive dollar to work . . . Buy—invest—build! Act normal again. *Active* money will speed up business and all industry—and *banish unemployment.* Help California lead the nation back to good times!

NOTE:—In the above tabulation of the tides the daily tides are given in the order of their occurence, commencing with the early morning tides in the left hand column and the succeeding tides as they occur. On some days but three tides occur, the fourth occuring on the following morning.

The column of heights gives the elevation of each tide above or below the level of the Coast Survey chart soundings. The numbers are always additive to the chart depth.

The data is practically the same for Point Arena Light, Navarro River Entrance, Little River Harbor, Mendocino Bay and Fort Bragg Landing. For Westport subtract 5 minutes from the time and for Shelter Cove add 0.8 ft. to high tide.

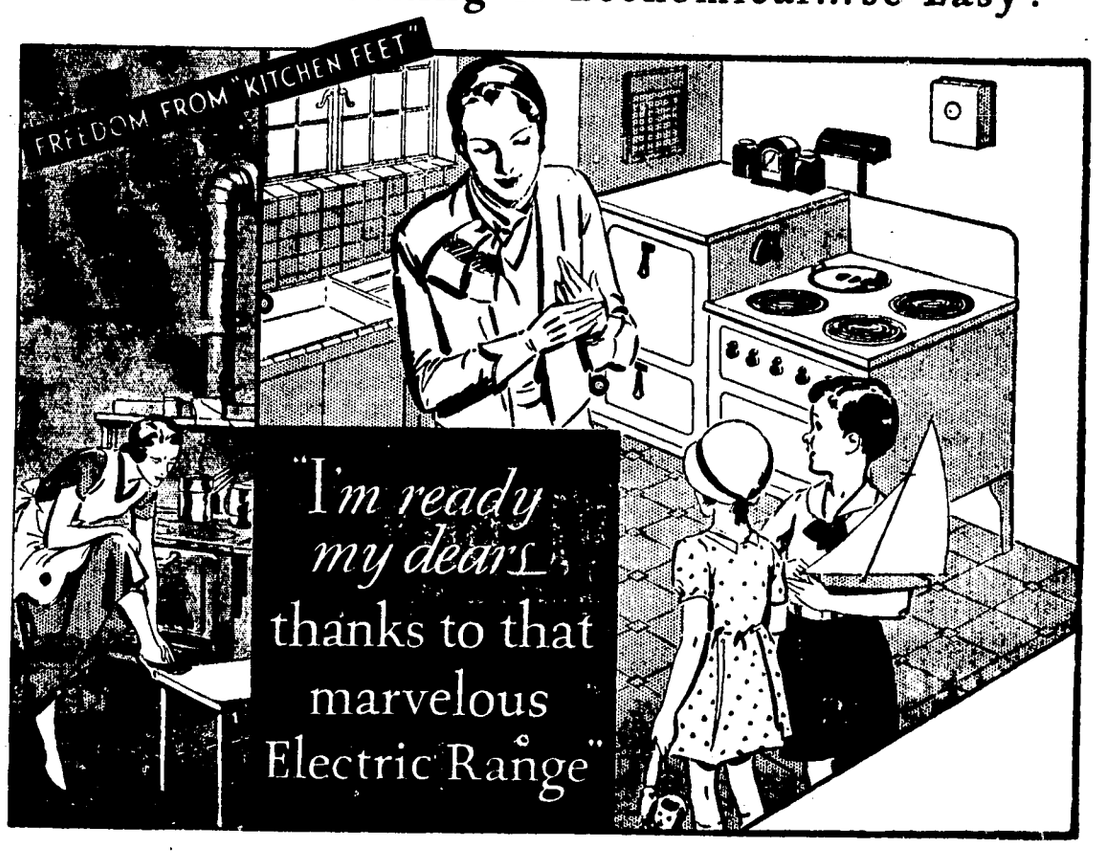
★ *MORE THAN 210,000 CALIFORNIA WOMEN SAY....*

Electric Cooking is Economical...so Easy!



ANY household task that keeps a woman on her feet from breakfast time to the favorite evening radio hour is bound to take its toil of youth and health and strength. Fatiguing work—miles of trotted steps per day. No wonder so many women complain of "kitchen feet."

"How can I help it when there is cooking to be done?" asks the weary housewife.

And right here is where the electric range steps in and supplies the answer. When the food has been placed in the oven, this silent servant lifts the burden of attendant cooking. At a given time the clock turns on the current while a thermostat controls the cooking temperature. When the housewife enters the kitchen after downtown shopping or pleasure, the meal is deliciously cooked, hot and ready to serve.

These up-to-the-minute electric ranges are speedy too. Fast surface and oven coils assure hurry-up cooking. And, of course, they are as clean and quiet in operation as electric light.

An automatic electric range costs no more than any other good range and it is economical to operate.

Come into our office and see the beautiful new electric ranges. Then consider our Special Offer which includes easy terms.
